AUTOMATED PAWN SYSTEM (APS) BIZ SOFTWARE TRAINING SESSION SET FOR RETAIL RESELLERS

The Burnsville Police Department in conjunction with City of Minneapolis Representatives will be sponsoring a training session for pawnbrokers, secondhand goods dealers and precious metal dealers as termed in the amended ordinance City Code Title 3, Chapter 24 of the Burnsville City Code adopted June 8, 2010 and effective January 1, 2011 for all new licensees.

The training session is scheduled for Tuesday, September 14 from 1:30-3:30 p.m. in the Burnsville City Hall Council Chambers, 100 Civic Center Parkway.

Businesses that are or may be potentially affected by the ordinance changes as well as anyone who may be installing the software are invited to attend. The purpose of the training session is to provide your business with the APSBiz software DVD and help familiarize businesses with system requirements, prepare to complete the in-store set-up and answer questions regarding installation, use, etc. There will also be time at the end of the session for other questions relating to the secondhand ordinance changes.

The APSBiz software is provided free of charge and is a data capturing/reporting tool that will assist reseller businesses in being compliant with the new reporting requirements.

For more information, contact Leslie Perry, Investigator at 952-895-4635 or Sgt. Tanya Swartz at 952-895-4593 as to whether you will be in attendance or with any other questions.
