CITY OF BURNSVILLE LAUNCHES NEW LOOK WEBSITE

With just a few clicks of a mouse, the City of Burnsville's newly redesigned website will help residents, business owners and visitors make requests for City services, pay bills online and download a variety of information without so much as a phone call to City Hall.

The fresh new design is not all looks, it is also packed full of features and services that streamline communication and interaction. Some of the site's highlights include:

Help Center – A one-stop shop for those most common activities on the site, found on the left menu of every page on the site.

Request Tracker – Reporting a concern or requesting information from the City is easier than ever by using the Service Request button in the Help Center.

City Meetings – A centralized public meeting area that allows visitors to watch live meetings, view archived meetings and download agendas, packets and minutes.

Connect with the City – Staying in touch with the City has never been easier with tools such as email subscription, Facebook and Twitter. Conversely, City news and information also can now be shared more easily using new social media links provided at the top of every page.

Smartphone Support - When accessed from a mobile device, the website automatically detects and displays the mobile version, fit to display on any mobile phone. The City worked with government website experts CivicPlus to redesign the official site. CivicPlus offers many integrated features, which allows for a seamless experience for users and a value for the City by not having to use multiple vendors.

Visit www.burnsville.org to check out these services and many more at the City's new home on the web.

The City of Burnsville (population 60,306) is Minnesota's 14th largest city and the

third largest in Dakota County. The City is home to over 2,500 businesses and a large retail base that places the city as No. 6 in the State of Minnesota for number of retail establishments. A strong manufacturing and industrial sector is also present in Burnsville, and the City is also ranked as No. 9 for the number of manufacturing firms. More information about the City of Burnsville is available at www.burnsville.org.
