TREE, NATIVE SHRUB AND PLANT SALE SET FOR SATURDAY, APRIL 27

The City of Burnsville will once again be selling hundreds of bare root trees, native shrubs and plants at its annual tree sale.

What: Tree, Native Shrub and Plant Sale
When: Saturday, April 27, 7:30 – 10:30 a.m.
(or until all trees, shrubs and plants are sold)
Where: City's former Maintenance Facility
75 Civic Center Parkway

Trees

Tree prices range from \$25-50. Trees are locally grown and vary in size from 5 to 12 feet.

Shrubs and Plants

Native shrubs and plants are geared toward shady areas, perfect for areas where buckthorn has been removed. Shrubs are 6- to 18-inch bare root stock and will be sold in packs of five for \$5 per pack. Plants are in three-inch plugs and will need to be protected from frost for a few weeks. Plugs are \$2 each or three for \$5.

Tree, Shrub and Plant Sale Tips:

- Open to Burnsville residents only. IDs will be checked.
- Limit two trees, 54 plants and 30 shrubs per household
- Prepare planting sites before attending the sale. Call Gopher State One-Call (651-454-0002) to have utilities marked before digging.
- Arrive early for the best selection.
- Try to determine what trees, shrubs and plants you want before the sale.
- Don't plan on using a credit card. Only cash or checks are accepted at the sale.
- Plan to plant bare root trees and shrubs immediately.
- Wait until the weather warms to plant small plants.
- Protect trees, shrubs and plants against damage from deer and rodents until they are well established. Consider placing protection around them for the first few years.
- Get a permit from the City if you plan to plant a tree within the boulevard/right-of-way on your property (15 feet in from the curb).

For a complete listing of available plants and pricing visit www.burnsville.org/treesale.
