**PORTIONS OF ALIMAGNET PARK, DOG PARK AND TRAILS TO BE CLOSED PERIODICALLY
FOR TRANSMISSION LINE WORK MARCH 24 - APRIL 4**

Portions of Alimagnet Park, including the Alimagnet Dog Park, softball and soccer fields, all trails and certain parking lots will be closed periodically for two weeks while Xcel Energy replaces existing power poles and transmission lines in the area.

Work on the park, located at 1200 Alimagnet Park Drive in Burnsville, will begin Monday, March 24 and last through Friday, April 4 between 7 a.m. and 6 p.m. each day. Weather permitting, closures are anticipated as follows:

- **Cross country ski and other trails closed beginning Monday, March 24**
- **Alimagnet Dog Park, softball fields A, B and C, soccer field, picnic shelter area, north and east parking lots closed beginning Wednesday, March 26 or Thursday, March 27**

Because of the high tensions involved with stringing power lines, and the heavy equipment in use, the safest option for this work is to temporarily close off the area to traffic and pedestrians. Signs and barricades will be in place throughout construction indicating the timing and locations of closure.

Since work is weather dependent, park users should visit www.burnsville.org and search "Alimagnet Park" for specific closure dates and times.
