HIGH WATER MEANS 'SLOW NO WAKE' RESTRICTIONS IN EFFECT ON CRYSTAL LAKE

Due to unusually high water levels on Crystal Lake (in southeast Burnsville), a "Slow NO Wake" restriction has been put in place for the entire lake. This restriction means that travel speeds by watercraft must be reduced to eliminate all wakes/waves on the water.

These restrictions were put in place to help protect the Crystal Lake shoreline and personal property of lake homeowners from high water/erosion resulting from the recent heavy rainfall.

The Dakota County Sheriff's Department will be patrolling the lake to make sure boaters are complying with the "Slow NO Wake" restriction. These restrictions will remain in effect until further notice.

For more information about the restrictions or the lake status call the City of Burnsville Natural Resources Department at 952-895-4550.
