**HEART OF THE CITY PARKING DECK TO EXPAND,
PORTIONS TEMPORARILY CLOSED TO PUBLIC PARKING**

The Heart of the City Parking Deck (located next to the Ames Center off of Nicollet Avenue/Travelers Trail) will undergo an expansion beginning this week and ending in December. The project will add a second level, which will include 40 additional parking stalls on the open portion of the deck's west side.

During construction, the surface lot to the west of the parking deck, as well as the western-most rows on the deck's first and second level, will be closed to public parking. Motorists will still be able to access portions of the first and second level of the deck via Travelers Trail. Overflow parking will be available in the public parking ramp south of the Ames Center, as well as the Minnesota Valley Transit Authority (MVTA) surface lot just north of the parking deck.

The project, which is receiving more than 50 percent of its funding via grants, will also include a sidewalk from Pillsbury Avenue to the Ames Center, updated street lights, security cameras, an additional emergency phone and storm water abatement.

For more information contact Economic Development Director Skip Nienhaus at 952-895-4454 or skip.nienhaus@ci.burnsville.mn.us.
