## **Therapeutic Massage License Application**

The City requires massage therapists or establishments that offer massage therapy be licensed. An applicant having an establishment or location within the city may apply for one license for all of its employees who provide massage services at the licensed premises. An individual who provides massage services within the city at a location other than licensed premises must obtain an individual license. An establishment consists of sole proprietors available to do on-call services or practice from their homes.

The City requires all therapists provide proof of 100 hours of training to be eligible to be licensed individually or under an establishment.

The fee for a massage license in the City of Burnsville is \$100 a year. Licenses are valid from July 1 to June 30. Rates are pro-rated. There is a one time \$100 investigation fee in addition to the license fee that is required at the time of application. The process for a new license takes approximately 2-3 weeks to complete.
