

TEMPORARY HEATING

The City of Burnsville would like to remind you that we do require a permit for **TEMPORARY HEATING SYSTEMS** to be taken out on each job. This is in addition to your regular heating permit. A temporary heating permit is required regardless if the temporary heating is propane use or connecting to an existing system. The cost for a temporary permit is **\$56.00**

If you install temporary heat without a permit, a **DOUBLE** fee will be required.

If you have any questions, please call me at 952-895-4448.

Thank you,

Steve Nuebel
